## Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are starved nerves. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and thereby the nerves are properly nourished and all the organs of the body are put in motion. As a result, the body is strong in oil. In this way you feel clean, strong and vigorous, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are lasting. The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper The Badge of Honesty, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence. Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of all the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement. The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherry bark, Bloodroot, Manjistra root and chemically pure triple-refined glycerine. "The Common Sense Medical Adviser," is sent free in paper covers on receipt of ten-cent stamps for the cost of mailing only. For 21 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

## Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nervous sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

## ST. PETER'S CATHEDRAL.

It is to be regretted that so much horror should have been manifested by the press throughout the world over the explosion of an anarchist bomb in the Basilica of St. Peter's at Rome last week—an outrage which has probably created a far more profound impression than any other anarchist attack upon life and property in recent years. For it will encourage the foes of society to devote henceforth a greater amount of their attention to St. Peter's and to the Vatican than heretofore.

The anarchists have by the consternation expressed over the explosion of a bomb in St. Peter's at Rome last week acquired the conviction that the destruction of that world famed cathedral, by means of their high explosive, will create an even greater sensation than the murder of a monarch.

St. Peter's, the greatest church in Christendom, took hundreds of years to build and has played a notable role in the annals of the world, has figured so continuously in its history, that its destruction by the anarchists would be a disaster altogether beyond repair—one which would be regarded as a catastrophe not merely by the 200,000,000 who look upon the basilica as the headquarters of their creed, but also by people of every other denomination, who consider it as one of the grandest monuments of the Old World.

Curiously enough, no one until last week ever seems to have dreamed of the possibility of any anarchist attempt to blow up St. Peter's. That the adjoining Vatican has, however, long been an object of alarming attention and interest to the anarchists was well known to the Italian and foreign governments. In fact, one of the reasons why so large a garrison of picked troops is always maintained in the Eternal City is to protect the Vatican from the pillage and destruction to which it would be subjected if once a revolutionary mob led by anarchists got beyond control at Rome. Indeed, in recent years the government, at the instance of the papacy, has repaired and placed in order, ready for immediate use, the long brick gallery or tunnel which connects the Vatican with the old fortress of San Angelo, where so many Popes have been compelled in ancient times to seek refuge from the populace, and to which the present Pontiff and his court would withdraw in the event of any revolutionary invasion of the Vatican.

The latter is known to be crowded as no other palace in the world not merely with priceless masterpieces of art and archaeology, but also with an enormous amount of treasure in precious metals, gems and bullion. It has sometimes been asserted that there is no building in the world, not even the Bank of England, which contains such a colossal amount of wealth within so small an area. Necessarily it constitutes a temptation not only to those anarchists who argue that funds alone are needed to put their nihilistic projects into execution, but also to those particularly dangerous and clever criminals who affect political ideals as a means to felony, and who find rich pickings in every revolutionary insurrection. The greedy eyes, then, of all criminal and anarchist Europe and America are concentrated upon the Vatican and the loot which it contains, and the destruction of St. Peter's would probably immediately precede or accompany the invasion of the home of the papacy.

## Feeling Against House of Lords.

The intensity of the political feeling aroused by the British House of Lords treatment of the education bill found expression yesterday in an emergency meeting of the general committee of the National Liberal Federation in London, at which a resolution was unanimously adopted urging the government to take the drastic step of totally rejecting the Lords amendments to the bill and to "resolutely determine that the present parliament shall not come to an end until steps are taken to bring to a final arbitration the question whether the House of Peers should any longer possess the right of veto on the will of the people as declared by the House of Commons."

The meeting was the largest and most representative of its kind which has assembled during the last twenty years. The speakers warmly denounced the action of the peers, declaring that the House of Commons should not waste another day in considering the amendments to the bill, which should be returned to the House of Lords without debate, and that the liberal government ought to apply the only remedy, which must be drastic and final.

An important letter from Sir Henry Campbell-Bannerman was read in which the premier said that it was realized by all liberals "that the House of Lords would hasten to assert itself as the instrument of unionism as soon as the country rendered a verdict against the unionist government and the unionist policy."

Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Sorest Cough and Cold cure and Throat and Lung healer. Guaranteed by E. S. Leadbeater & Sons, Druggists, 50c and \$1. ## Missionary Work on Fifth Avenue.

Missionary work among the fashionables of Fifth Avenue, New York, by redeemed drunkards and thieves is the plan of Rev. Dr. Donald Sage Mackey, pastor of the church of which the President of the United States, Mrs. Russell Sage and Miss Helen Gould are members, to bring salvation to the society people of New York. Arrangements are being made by the minister of the Collegiate Church of St. Nicholas, which was founded in 1828, for a series of revival meetings among the parishioners, in which men who have been saved from sin in the missions of the lower city will tell of their conversion. Through this agency Dr. Mackey believes that the spiritual lethargy of fashionable and wealthy church members will be dissipated, and that conversions of society people will be accomplished.
